

VIDYARTHI VIGYAN MANTHAN (VVM) 2020-21

REPORT

Vigyan Prasar, a National Institute for Science and Technology Communication established under Department of Science and Technology, Government of India, in association with National Council of Education Research and Training (NCERT) and Vijnana Bharati, an NGO led by eminent scientists, is co-assisting Vidyarthi Vigyan Manthan (VVM) for school students of classes VI to XI.

VVM is a national program for popularizing science among school students of standard VI to XI, conceptualized to identify the bright minds with a scientific aptitude among the student community. VVM 2020-21 will be India's first open-book science talent search examination designed to be carried out using digital devices.

The primary objective of Vidyarthi Vigyan Manthan is to create interest among students in pure science and to educate school children about India's contributions, from traditional to modern, to the world of science and technology. It also aims at providing hands-on training to students through workshops and other events and to provide mentors for preparing students to carry forward their education in the field of science.

Students of DPS Vasant Kunj have shown great enthusiasm towards this endeavor. The exam will be conducted on 29th November 2020.
