CLASS II
HOLIDAY HOMEWORK
2024 -25

Hot sizzling summer
reminds us of the time,
to break free and bask in
the warm sunshine.
There's a burst of
activities without
minding the scorching
heat, when we are
making merry and
relishing the ice cream
treat,
Let's blend enjoyment
with fun learning!!!!!

Dear Parents,

Welcome to the exciting world of Class 2 holiday homework! As we embark on this journey of fun-filled activities, our aim is to keep our little ones engaged while fostering a strong connection with the learnings they've acquired in class. We've carefully crafted a series of tasks designed to spark their curiosity and ignite their imagination.

Encourage your children to put on their thinking caps and embark on this adventure of discovery and creativity. Through these activities, they'll have the opportunity to learn, explore, and express themselves in new and exciting ways.

So, parents, let's join hands in nurturing their curiosity and giving wings to their creative expression. Together, let's make this holiday homework a memorable and enriching experience for our young learners.
Regards
